Annual report 2022-2023

Internal Quality Assurance Cell (IQAC)

The National assessment and accreditation council advocated the establishment of internal quality assurance cell (IQAC) by all the accredited institutions as a post accreditation quality sustenance activity. The primary aim of the IQAC was to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. The IQAC of TTCB integrates into the institutions system and strives to achieve the objectives of quality enhancement and sustenance as improving quality is an ongoing activity. The goal of the IQAC is to create a framework for deliberate, dependable and catalyst action to raise the institutions administrative and academic standards.

The details of initiatives taken in the academic year 2022-2023 are described as follows: -

8. The details of implantation of solar power system.

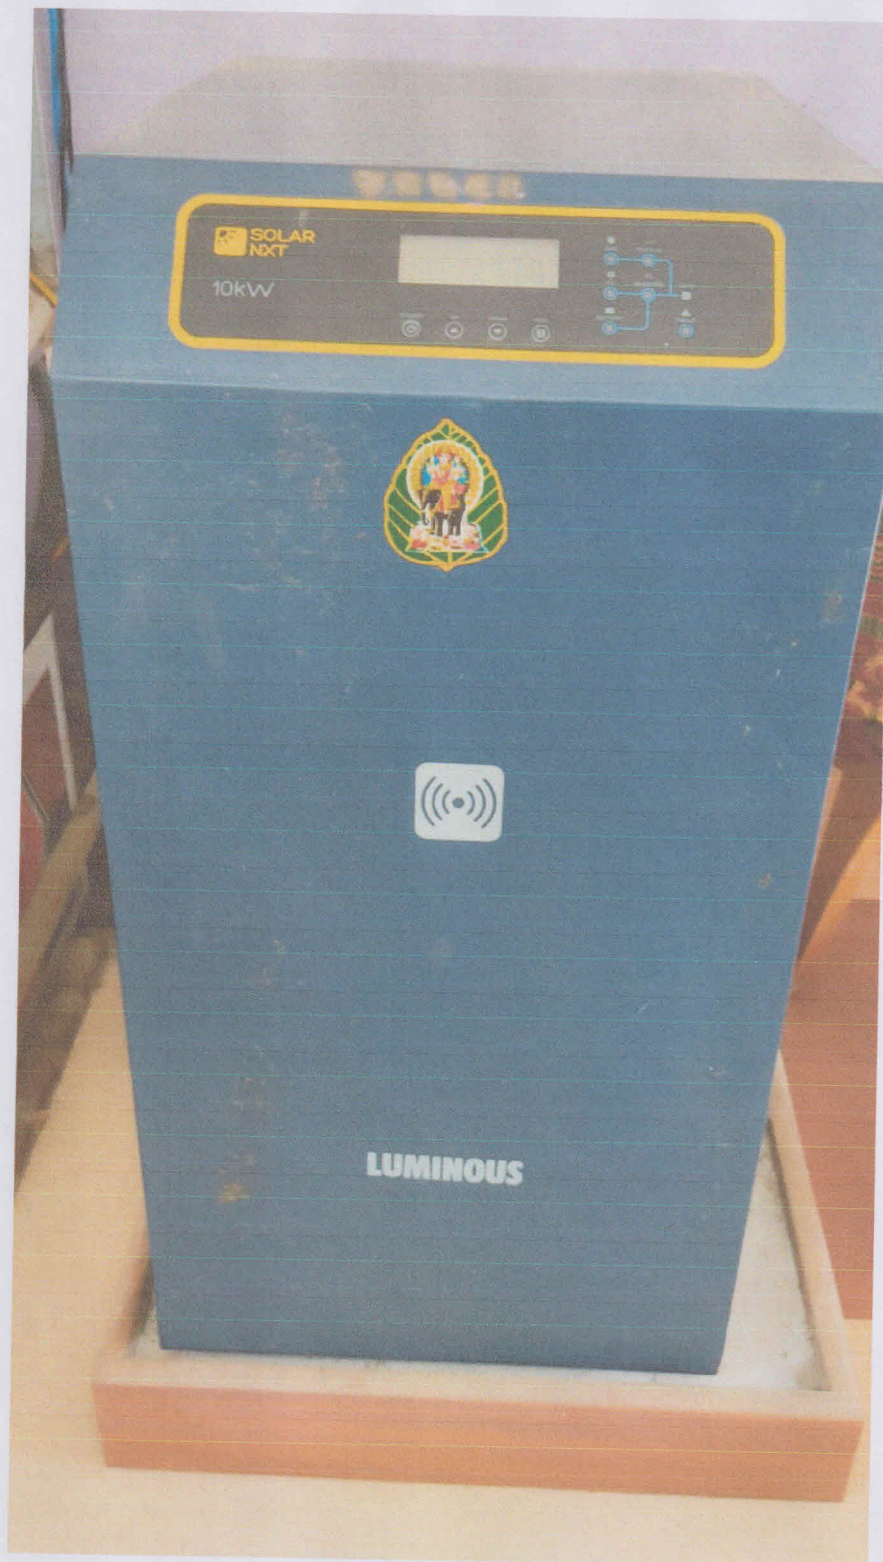

Purpose of solar power

The purpose of solar power in college are as follows:

1. Renewable energy source: - Solar power provides a clean and sustainable source of energy, reducing reliance on fossil fuels.
2. Energy saving: - Solar power can significantly reduce electricity bills, allowing college to allocate funds to other areas.
3. Carbon footprint reduction: - Solar power helps colleges reduce their carbon footprint, contributing to a more sustainable future.
4. Energy Independence: - Solar power can provide energy independence.
5. Government incentives: - College can take advantage of government incentives and tax credit for installing solar power systems.
6. Enhanced Reputation: - Colleges that adopt solar power demonstrate a commitment to sustainability, enhancing their reputation and attractiveness to students and faculty.
7. Cost Effective: - Solar power can provide long term cost saving, as the energy generated is free once the initial installation costs are recovered.

By adopting solar power, college can reduce their environmental impact while also providing educational benefits and cost saving.

9. The details of micro teaching practices.

Purpose of Micro- teaching

Micro-teaching is a teacher training method consisting of short session, usually 15-20 Minutes long, followed by immediate feedback. The purpose of micro-teaching is to instruct and improve the teaching practice. Micro-teaching allows teachers to focus on specific skills and strategies. It provides an opportunity for teachers to experiment with new teaching methods and strategies. Thus, Micro-teaching builds confidence by gradually increasing the level of difficulty.

12.The details of feedback system with pictures.

Purpose of Feedback Mechanism

Performance of college is increasing judged on the basis of effective learning outcomes. Feedback mechanism is essential to know whether the college is delivering good performance and imparting quality education. Hence, the college made a policy decision to make feedback forms available for different stakeholders to analyze the institutional performance on different fronts.

IQAC has developed feedback mechanism and framework for its analysis, the feedback forms are circulated to all the stakeholders is students, parents, employers, alumni and faculty members. The feedback responses from all the stakeholders helps in gaining insightful information for facets of teaching learning assessments. Thus, the mechanism enables the college administration to streamline processes and to initiate timely corrective actions if required.
